**SPECIMEN LABEL**

**Active Ingredient:**
Sodium Carbonate Peroxyhydrate* 42.50%
Other Ingredients: 57.50%
Total: 100.00%
*This product is equivalent to 18.80% Hydrogen Dioxide by weight.

**KEEP OUT OF REACH OF CHILDREN**
**DANGER – PELIGRO**
Si usted no entiende la etiqueta, busque a alguien para que se lo explique a usted en detalle. (If you do not understand this label, find someone to explain it to you in detail.)

**FIRST AID**

| If in eyes | • Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. |
| If on skin or clothing | • Take off contaminated clothing. |
| If swallowed | • Call poison control center or doctor immediately for treatment advice. |
| If inhaled | • Move person to fresh air. |

**HOTLINE NUMBER**
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-222-1222 for emergency medical treatment information.

**NOTE TO PHYSICIAN**
Probable mucosal damage may contraindicate the use of gastric lavage.

**PHYSICAL AND CHEMICAL HAZARDS**

**HAZARDS TO HUMAN AND DOMESTIC ANIMALS**

**DANGER: Corrosive.** Causes irreversible eye damage. Do not get in eyes, on skin or on clothing. Wear protective eyewear (goggles, face shield or safety glasses). Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing dust. Wash thoroughly with soap and water immediately after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse. When prolonged or repeated contact may occur, use chemically resistant gloves and full body clothing.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to birds. Do not contaminate water when cleaning equipment or disposing of equipment washing water or rinsate. GreenClean Granular is NOT intended for use in drinking water.

**PRECAUTIONARY STATEMENTS**

**PHYSICAL AND CHEMICAL HAZARDS**

**Strong oxidizing agent. Corrosive.** Mix only with water in accordance with label instructions. Do not bring in contact with other pesticides, cleaners or oxidative agents.

**DIRECTIONS FOR USE**
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. During amphibian breeding seasons, do not apply near shallow water body margins.

**Corrosive.** Causes irreversible eye damage. Wear protective eyewear (goggles, face shield, or safety glasses) and gloves when applying GreenClean Granular. Wash hands after use.

**APPLICATION RATES**

**HEAVY ALGAE GROWTH**

**LOW ALGAE GROWTH / MAINTENANCE**

| GRANULAR: | 3-16 Tablespoons of GreenClean Granular per 1,000 gallons of water. | 1-5 teaspoons of GreenClean Granular per 1,000 gallons of water. |
| Smell Volume | | |

**GRANULAR: Large Volume**

| 90-500 pounds of GreenClean Granular per million gallons of water*. | 9-50 pounds of GreenClean Granular per million gallons of water*. |

**GRANULAR: Medium Volume**

| 30-170 pounds of GreenClean Granular per acre-foot of water*. | 3-17 pounds of GreenClean Granular per acre-foot of water*. |

For example: backyard water gardens, ornamental ponds, ornamental waterfalls (3 tsp. = 1 Tbs., 16 Tbs. = 1 Cup, 2 Cups = 1 lb.)

| 500 gallons | 0.5 Cup |
| 1,000 gallons | 1 Cup |
| 5,000 gallons | 5 Cups |
| 10,000 gallons | 10 Cups |

**Rates for Treating String Algae:**

**POND SIZE**

**CURATIVE RATE**

Application Instructions for Treating String Algae on Ornamental Waterfalls & Streams:

**Step 1:** Check pH levels before applying GreenClean Granular. GreenClean Granular can raise pH levels up to 1 unit.

**Step 2:** Apply early in the morning.

**Step 3:** Turn off circulation.

**Step 4:** Apply GreenClean Granular to affected areas – including waterfalls and streams.

**Step 5:** Turn circulation back on after 10-20 minutes.

**Note:** 1 lb of GreenClean Granular by weight = 2 Cups in volume.
Application Instructions for Treating Green Water Algae:

Step 1: Check pH levels before applying GreenClean Granular. GreenClean Granular can raise pH levels up to 1 unit.

Step 2: Apply early in the morning.

Step 3: Shock with GreenClean Granular at the high curative rate.

Step 4: Treat as needed once per week with GreenClean Granular at the low curative rate in conjunction with water conditioners (such as beneficial bacteria).

Note: 1 Lb of GreenClean Granular by weight = 2 Cups in volume

GENERAL TREATMENT NOTES

- Treat only a half or a third of any large body of water at a time.
- Control is most easily achieved when algae are not yet well established. Treat when growth first begins to appear.
- Dense, thick mats of algae throughout the water volume are indicative of heavy algae growth.
- Apply early in the morning under calm, sunny conditions, and when water temperatures are warm. Sunlight and higher temperatures both enhance GreenClean Granular activity; GreenClean Granular will work more slowly in colder water.
- Skim any dead algae and organic matter that rises to the water’s surface after treatment. Allowing dead organics to sink and decay will provide a food source and additional nutrients that stimulate algal re-growth and further blooms.
- If using in conjunction with other water additives (such as bacteria or enzymes), always apply GreenClean Granular first and wait several hours before adding any other products.
- Re-treat areas if re-growth begins to appear. Allow 48 hours between consecutive treatments.
- Maintain ponds with GreenClean Granular maintenance rates at a frequency appropriate for your environmental conditions.
- After application, do not allow undiluted granules to remain in an area where humans or animals are exposed. Sweep up or remove undiluted granules. Undiluted granules may also be eliminated by thoroughly hosing down with water.
- Non-target plants will suffer contact burn if undiluted granules are accidently spilled on them. Always apply Granular. GreenClean Granular can raise pH levels up to 1 unit.
- Never apply at higher than the application rates indicated under the Directions for Use, as desirable plants could be potentially harmed.
- Do not tank mix with aquatic herbicides or algaeicides containing copper or bromides. Always apply GreenClean Granular at least one day prior to the application of these products.

EFFECTIVENESS FACTORS

- Effects of GreenClean Granular treatment are immediately apparent (bubbling, bleaching/discoloration of algae, floating dead organic matter).
- GreenClean Granular treatments are successful when contact of the pesticide is made with the algae.
- Liquid applications will not sink through the water column as readily as a granular application.
- When treating surface mats and blooms, it is possible that GreenClean Granular will not penetrate the water column below the infested area, and a second application is then required for treating any bottom growing algae.
- Apply more often during the summer months when water consumption and temperatures are high.

APPLICATION METHODS

SPREADING / BROADCASTING:
Broadcast GreenClean Granular with a mechanical spreader or by gloved hand, directly on the water surface, from shore or from a properly equipped boat. A hand spreader or any other applicator that will insure uniform coverage is acceptable.

SPOT TREATMENT:
Apply GreenClean Granular directly over the infested area. Re-treatment is required when heavy growth occurs.

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of this product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as manner of use or application, weather or crop conditions, presence of other materials or other influencing factors in the use of the product, which are beyond the control of BIOSAFE SYSTEMS LLC or Seller. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold BIOSAFE SYSTEMS and Seller harmless for any claims relating to such factors.

BIOSAFE SYSTEMS warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above when used in accordance with directions under normal use conditions. This warranty does not extend to the use of the product contrary to label instructions, or under abnormal conditions or under conditions not reasonably foreseeable to or beyond the control of Seller or BIOSAFE SYSTEMS, and Buyer and User assume the risk of any such use. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BIOSAFE SYSTEMS MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, NOR ANY OTHER EXPRESSED OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

To the extent consistent with applicable law, in no event shall BIOSAFE SYSTEMS or Seller be liable for any incidental, consequential or special damages resulting from the use or handling of this product. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF BIOSAFE SYSTEMS AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF BIOSAFE SYSTEMS OR SELLER, THE REPLACEMENT OF THE PRODUCT.

BIOSAFE SYSTEMS and Seller offer this product, and Buyer and User except it, subject to the foregoing Conditions of Sale and Limitation of Warranty and Liability, which may not be modified except by written agreement signed by a duly authorized representative of BIOSAFE SYSTEMS.
